Deliver Crystal Reports to your non-GP users with the GP Reports Viewer Standalone Edition. The familiar easy to use interface that your users are enjoying inside Dynamics GP is now available without having to be logged into GP.

View reports for all GP companies on one screen

Create favorites to save time when running your reports

Familiar intuitive interface

Free trial version available

Use live GP data for report parameters without having to log into GP

Create batches of reports to be printed together

At Flexible Solutions it's **All GP All the Time**. We pride ourselves on excellence in service and products, timely response to customer needs and innovative solutions. The GP Reports product line is managed by Victoria Yudin who has been awarded the status of Microsoft Dynamics GP MVP each consecutive year since 2005.

Included at no additional cost with GP Reports Viewer
